

Books To Read

You have to [“Start With Why”](#) By -Simon Sinek in order to understand why anything is possible even if someone says it’s [“Impossible”](#) because -Patrick Bet David may have been [“Living in the Illusion and the Fear of Truth”](#) that Osho wrote. I am going to use [“The Reciprocity Advantage”](#) by Bob Joansen, and Karl Ronn because they gave us [“Something Deeply Hidden”](#) -by Sean Carroll. I never know there were [“Algorithms to Live By”](#) -Brian Christian, Tom Griffiths, until I started [“Talking to Strangers”](#) -Malcolm Gladwell. If you decide to read [“The Anatomy of Loneliness”](#) -by Teal Swan and apply [“The Critique of Pure Reason”](#) -by Immanuel Kant will help you learn [“The Magic of Self-Respect”](#) -by Osho. They introduced me to this [“Infinite Game”](#) -by Simon Sinek and someone told me it’s pretty simple because [“The Universe Speaks in Numbers”](#) -by Graham Farmelo and if you start to use [“The 5 Second Rule”](#) -Mel Robbins turning into a [“MetaHuman”](#) -by Deepak Chopra is [“Real Magic”](#) -Dean Radin. I realized that all I had to do was make [“The Decision”](#) -by Kevin Hart and pick [“The ONE Thing”](#) -by Gary Keller, and Jay Papasan was all it took to learn [“How to Talk to Anyone”](#) -by Leil Lowndes.

Sometimes [“Thinking, Fast and Slow”](#) -Daniel Kahneman needs to happen at the [“Blink”](#) -Malcolm Gladwell of an eye because when we [“10x Rule”](#) - Grand Cardone our lives we will begin [“Crushing It”](#) -Gary Vaynerchuk. Nothing I will be creating in this book would be possible had I not learned that I was an [“Adult Children of Emotionally Immature Parents”](#) -Lindsay C. Gibson that had a [“The Disordered Mind”](#) -Eric R. Kandel. In time [“Reality Unveiled”](#) -by Ziad Masri to me that [“The Code of the Extraordinary Mind”](#) - by Vishen Lakhiani was all based on [“The Biology of Belief”](#) - by Bruce H. Lipton. I now [“Dare to Lead”](#) -by Brene Brown [“The Untethered Soul”](#) -by Michael A. Singer to it’s [“The Tipping Point”](#) -by Malcolm Gladwell. [“Living in a Place of Surrender”](#) -Michael A. Singer showed me how to use [“The Secrets of Secrets”](#) -by Osho and one of them was [“The Power of Vulnerability”](#) -by Brene Brown. When you learn that [“The Body Keeps the Score”](#) -Bessel A. Van Der Kolk’s its time to create some [“Habits of a Happy Brain”](#) -Loretta Graziano Breuning through [“The Science of Self-Empowerment”](#), -Gregg Braden

One of the best ways to [“Evolve Your Brain”](#) -Joe Dispenza is [“The Brain That Changes Itself -Norman Doidge](#) because have you ever asked yourself [“Why You Are Who You Are”](#) -Mark Leary, [The Great Courses](#). I had a hard time understanding how [“Neuroscience of Everyday Life”](#) -[The Great Courses](#) creates quite [“The Case Against Reality”](#) -by Donald Hoffman when you find out that [“You Are the Universe: Discovering Your Cosmic Self and Why It Matters”](#) -by Menas C. Kafatos PhD, [Deepak Chopra](#)

Coming Soon,

A book of my own.
